

Did You Know?

We only accept First Aid and CPR certificates from a course that is recognized by Manitoba Workplace Safety & Health.

When Standard First Aid and CPR C are required as prerequisites or requisites for any of our courses, we expect you to submit a certificate from a training provider that is recognized by Manitoba Workplace Safety & Health.

The list of recognized training providers can be found at
www.gov.mb.ca/labour/safety/training.html.

The certificate must be valid for the duration of the course or evaluation.

Instead of a Standard First Aid and CPR C certificate, we also accept a copy of your current Manitoba EMR or PCP license, which covers both the Standard First Aid and CPR C component for our purposes.

Copies of these certificates can be submitted by email to mescocr@gov.mb.ca or fax to 204-726-6847 at the time of application.

If you have any questions, please contact the MESC using one of the avenues listed below.

1601 Van Horne Avenue East
Brandon Manitoba R7A 7K2
