

2013 Mutual Aid District Training Incentive Fund

The Mutual Aid District Training Incentive Fund was implemented by the Office of the Fire Commissioner in an effort to promote and enhance training at the Mutual Aid District level across the Province. This highly successful initiative has proven, over the years, to provide quality accredited training programs at the district level that would otherwise be difficult for many municipal departments to obtain.

\$ 6500.00 is allocated annually per Mutual Aid or Training District to train and/or upgrade the qualifications of the members of their participating departments. Training must be done by local Emergency Service Instructors recognized by the Manitoba Emergency Services College for that specific program area. Monies are paid directly to the Mutual Aid or Training District based on the **SUCCESSFUL** completion of the course in accordance with the following fee schedule:

COURSE	RATE
Fire Fighting Level I & II (Practical Evaluation)	\$350.00
Fire Fighting Level I & II (Written Evaluation)	\$150.00
Emergency Medical Responder (EMR)	\$300.00
Basic Rescuer or Level C CPR (8 hrs.) and Standard First Aid (16 hrs) - Initial Course	\$150.00
Basic Rescuer or Level C CPR (4 hrs.) and Standard First Aid (6 - 8 hrs) – Re-certification	\$100.00
Incident Command 100	\$100.00

Courses eligible for Training Incentive Funds are the Manitoba Emergency Services College courses only and must be taught by an Emergency Services Instructor recognized by the Manitoba Emergency Services College.

The funds generated by the District through this initiative are to be used to support the continued development and enhancement of District's training capacity through the initiatives such as the development of the District's specialty instructor network.
